

A black and white photograph of two young women in a kitchen. They are both wearing white t-shirts and white hairnets. They are smiling and looking towards the camera. In front of them is a tray of several braided breads, possibly challah, topped with sesame seeds. The background shows a kitchen with tiled walls, a sink, and a window.

# **“LET ME SHOW WHAT I HAVE LEARNT”**

**Applying the National Qualification Framework levels 1 & 2  
for basic Vocational Training**

**8 September 2011, 09:30 – 15:30  
forumKloster Gleisdorf, Austria**

Since October 2009 Chance B has been coordinating the Leonardo da Vinci TOI Project "NQF Inclusive", which is funded by the European Commission and the Austrian Federal Ministry of Education, Arts and Culture.

The aim of this project is to validate basic vocational, non-formal qualification programs, being on a level lower than existing formal VET and to accredit them by applying the National Qualification Framework NQF.

As a result of this

- basic vocational qualification programs can be standardized,
- graduates will get an officially accredited certificate,
- transparency about the learners' learning outcomes and work abilities will increase and
- the graduates' opportunities to join the labour market would improve.

We would like to invite you to the final conference
